Multiplier + 1: hand (no exchange), schneider (≤ 30 points), schwarz (no tricks)

Null : **23** Null hand : **35** Null open : **46** Null open hand : **59**

Use this table to determine the value of your hand. For instance, if you hold the three highest Jacks and 6 hearts you can bid Hearts with 3, play 4 × 10 (base value) = 40. Then bid in the following order: **18 20 22 23 24 27 30 33 35 36 40 44 45 46 48 50 54 55 59 60 63 66 70 72 ...** until you reach your game value. You need to play a game whose value is at least as high as your bid. Lost games are scored double, but negative.
